

QUALITY SPRAY TIP ACCESSORIES

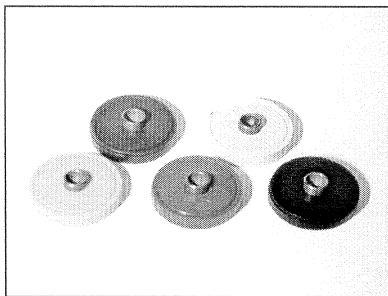

EXITFLEX offers the following Tip Accessories to help enhance the performance and increase the operating life of any type of spray tip.

Spray Tip Cleaning Needles

The unique tapered triangular design of the Cleaning Needle enables it to clean any size spray tip helping to keep the tip operating at peak performance.

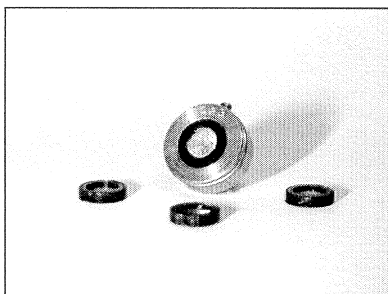

Part No.	Description
95-012	Box of 12 Needles
95-144	Carton of 12 Boxes

Universal Pre-Orifice

For excellent paint application at greatly reduced operating pressures. Made of hard metal to prevent wear and mounted in a polyamide body, which replaces the standard gasket. They come in five different orifice sizes to allow use with all types of materials.

Part No.	Description
63-003 - 10	Color Coded Pre-Orifice Seal

Micro Tip Filter

The Micro Tip Filter fits behind most Air-Assisted Airless Tip designs, serving as both filter and pre-orifice. The filter comes in 100 mesh and is sold as a ten pack.

Part No.	Description
36-610	Ten Pack of Filters
